Dear Mr. Parks & Staff,

Shriners Children's Chicago wants to express thanks for your support in our efforts to provide the most amazing care anywhere, regardless of the family's ability to pay or insurance status. **Thank you for your \$10,000 donation from your golf outings.** I also wanted to thank you for coming in and presenting us with your donation. It is always great to see each of you and thank you in person. Please keep us in the loop for next year's outing in the spring and summer, we would love to participate in both.

We know you have many choices when it comes to donating, and we are so grateful that you chose to donate to the care of our patients to give them a life of hope and healing. We promise to be responsible stewards of your donation, as proven by our recent Four Star rating from Charity Navigator. We were recognized for exceeding best practices among charities in the four assessed areas of:

- Impact & Results
- Accountability & Finance
- Leadership & Adaptability
- Culture & Community

We take the same pride and diligence in being good stewards of generous philanthropist's investments as we do our patient care. Did you know...85% of every dollar donated is given to direct patient care and 73% of our operating expenses are covered by philanthropy!

We thank you for your leadership in our communities as you chose to serve and make an impact for every child that walks through our door.

With Gratitude,

Kelly Miller
Director of Philanthropy
