Kevin & Theresa – I just wanted to thank you, and the WLA, again for supporting my students and my program. I have used your financial gift from this past fall to purchase the AIC 30 books for the students in my claims class that starts tonight.

As you know, the books from The Institutes can be very expensive. (The cost of the book was something like \$134.00 with the shipping.) That sometimes deters students from taking the insurance courses. I thought this would be a great way to use the gift from WLA. The gift also impacts all of the students in the course as opposed to just one.

When you have the fall dates for the conference, please let me know. Hopefully we will be able to attend a full day this year.

Thanks,  
Martha

Hi Kevin & Theresa,

I just want to thank you both for your generous gift that provided our class with textbooks! It means so much to me because not only is this helping my education but it's helping build my insurance knowledge for my current and future career which is so important to me. So again, thank you very much!

Thank you,
